

## SHS Alumnus Marion Ackerman '56 Creates Vocational Scholarship

"Education is so very important. I hope to lend a helping hand to those that need it," said Marion Ackerman, SHS Class of 1956, whose recent donation will pave the way for countless Salem graduates to realize their educational dreams. His desire to help students who are continuing their educations by attending school to learn a trade led him to endow the new **Marion Ackerman Vocational Scholarship**.

Marion's desire to give back is not at all surprising. With a friendly smile and an eagerness to reminisce, he proudly relayed the story of his upbringing in Salem where he worked alongside his father as a painter. "I was lucky as I was able to learn a trade. I learned early on to work hard for what I needed and wanted when I painted houses with my dad," said Marion as he recalled several of the jobs he assisted with when painting historic homes on South Lincoln Avenue in Salem.

Working hard and helping others have always been a part of his life. While he was growing up, Marion watched his mother take care of people. She was a conscientious, caring nurse who graduated from the Hannah E. Mullins School of Nursing. The parental influence of a strong work ethic led Marion to do well in school. At Salem High School he was taught by Mr. Jesse Hagedorn and Miss Ada Hanna, two teachers who left indelible marks upon his future. Marion took three years of woodworking classes from Hagedorn, and Hanna taught him in a mechanical drawing class. The skill set he obtained from the teachings of both of these educators helped shape Marion's future career. After graduation, he attended Ohio University and was placed in several honors classes. He credits those two SHS teachers for giving him the knowledge and expertise that prepared him to do well at OU as he worked toward his future liberal arts degree.

Marion graduated from Ohio University in 1960 and decided to join the Peace Corps in western Africa. Working with his hands and the process of building permanent structures became a reality for him. He spent two years building many houses and even helped to construct a school. He recalls the most exciting part of that time in his life was when he met Nobel Peace Prize recipient Dr. Albert Schweitzer, the famous humanitarian who had founded a hospital in

the area where Marion had worked at Lambaréné in French Equatorial Africa.

After returning from Africa, Marion married his college sweetheart Constance "Connie," and the couple moved to Connie's hometown of Portsmouth, Ohio. Marion collaborated with his father-in-law and did general construction work. He fondly remembers working on an impressive building project - the Portsmouth branch of Ohio University. He and his wife later moved to Westerville, Ohio, and Marion helped to build CompuServe, an online information service that provided access to the internet, email, instant messaging, and an integrated contacts list. The company grew quickly, and he assisted with the construction of three more offices.

In 1976 Marion became a sole proprietor when he

**Continued on Page 2**

established his own business – Marion Ackerman: Restoration and Construction. He did the restoration of old buildings and completed much of the work that is needed when remodeling or completely restoring a property. "I was a master at restoring properties to their original periods, and in many cases, I would help them to be livable again," said Marion. He continued, "I would do a little bit of everything from

windows to roofs, to electricity, to insulation."

It is no surprise that his favorite hobby is woodworking. He currently is a member of the Woodworkers of Central Ohio (WOCO), a non-profit organization established to provide education and foster craftsmanship in the art and techniques of woodworking. One of Marion's favorite reasons for belonging

to the group is the Holiday Toy program. "We make three to five thousand toys every year for children, and it benefits many local organizations," said Marion. "We make doll beds, wooden trucks, puzzles, and wood boxes."

Marion's demeanor softened as he mentioned his wife again. He and Connie were married just shy of fifty-seven years when she passed away in August of 2021. He fondly spoke of other family members including his daughter Susan, who works as a consultant for Medicare/Medicaid, and his two granddaughters. There is no denying that Connie was an important part of his philanthropic decision to create a scholarship for Salem vocational students. He related, "My wife taught fifth and sixth graders, and she always wanted to be a teacher from the first time that she went to school herself." He continued, "Her influence and love of teaching made me aware of the desire to endow a scholarship to help students who want to enroll in a vocational career."

SHSAA appreciates this altruistic and compassionate gift and admires Marion's willingness to help others. SHSAA 2023-24 President Mary Winch '91 stated, "We are so grateful for Mr. Ackerman's gift. His generosity toward his alma mater shows that Quaker pride lasts a lifetime! It is inspiring to witness the impact a Salem High School educational experience can have on one person - and how it reverberates to so many others."

## FROM THE ALUMNI OFFICE

*Audrey Cleveland Null '76*

Everyone leaves a lasting legacy. Whether it is the memories we make through shared experiences with loved ones, the knowledge and abilities we share with others, or the causes we passionately support, there is an innate desire in many of us to make a positive impact on other people during our life here on earth.

Meaningful work and volunteering have always been vitally important to me. This past year I reached the golden age of sixty-five, and I started to reflect upon the word "legacy." I began to think and wonder what mine might be. I have happily worked in several different careers and have concluded that helping people and helping my community have been paramount in all the endeavors that I have pursued during my lifetime. Many people spend much of their lives devoted to raising their children. Not having been blessed with any progeny, my husband Peter and I have focused our lives on our careers and our volunteer work. The saying "You will never work a day in your life if you love what you do" has certainly been true for both of us. I would like to believe that our legacy may also be remembered from our character and reputation, our values, and the positive influence we have had on others.

But the desire to leave a lasting impact beyond our lifetimes led us to a crucial decision last summer. Knowing that legacy means "something that is passed on," we agreed that there is significant importance in making philanthropic plans before we leave this earthly home. After much personal reflection and discussion, we made an appointment with our lawyer and friend, SHS alumnus Attorney Fred Naragon '63, to change our Last Will and Testament to include the gift of giving back.

My husband Peter is a fellow SHS Class of 1976 member, and we both wholeheartedly support the mission of the Salem High School Alumni Association. We believe that naming SHSAA as the beneficiary of our assets ensures that future Salem students who receive scholarships will receive educational opportunities that will prepare them for successful careers. With the recent expansion of the alumni association's mission to "foster student and alumni development," we believe meaningful relationships will be built as connections and life-changing activities become a part of SHSAA's program of work. The association will be making a difference by sponsoring career days, classroom grants, and future mentoring events. Lastly, we know that part of the SHSAA mission is to serve as a resource to ensure successful reunions and alumni activities, and that essential funds are needed to support the beautiful building that houses precious memorabilia in downtown Salem.

Leaving our assets to the Salem High School Alumni Association through our estate allows us to continue our dedication to a cause we believe in long after we are gone. It is a powerful way to invest in the future we believe in, by enabling the association to make life better for those who outlive us. It is about declaring our values, empowering positive change, and leaving a lasting mark on those future Quakers whom we love so much!

With Quaker pride,

*Audrey*

## Leaving a Legacy Through a Charitable Bequest

Are you inspired to support SHSAA? A legacy gift is a heartfelt way to help SHS students achieve their educational goals. A bequest is a wonderful way for you to help further the mission of the Salem High School Alumni Association.

If you want to make a lasting impact, one of the easiest ways to do so is to name SHSAA in your will as a beneficiary of specific assets, a specific dollar amount, or even a percentage of your estate.

Here are some of the benefits of designating Salem High School Alumni Association in your will or trust:

- It costs you nothing today to make a bequest.
- A bequest is free of federal estate tax.
- A bequest can be changed later if you change your mind in the future.
- You can still give specific gifts to your heirs.
- You can leave a legacy through a bequest.

A bequest to SHSAA is one of the easiest gifts you can give to make a significant difference. If you decide to make a bequest or if you have already included SHSAA in your will or trust, please don't forget to notify the alumni association office of your decision. Your name will immediately be added to the SHSAA Legacy Society registry. You will also be asked to fill out a simple one-page form. For more information or to have questions answered, please email Executive Director Audrey Cleveland Null at [audrey@salemohioalumni.org](mailto:audrey@salemohioalumni.org) or call the alumni association office at 330-332-1427.

# Recognizing *Generosity*

The Salem High School Alumni Association was organized in 1882 and created the first high school alumni scholarship fund in Ohio in 1903. Since 1908, the association has awarded more than \$9.2 million. We have proudly awarded 3,335 scholarships to 2599 recipients. Thanks to generous alumni and donors, the association's portfolio stands at nearly \$12 million. We offer heartfelt thanks to our donors for their ongoing support, and we again thank all for making a difference in the lives of Salem High School students.

*To standardize recognition of our past and future donors for their significant gifts in advancing the mission of the association, the Salem High School Alumni Association has created the following recognition societies:*

## SHSAA Appreciates Alumnus and Class Donations

SHSAA thanks Don Farmer, SHS Class of 1975, for donating this beautiful Quaker Sam flag to the alumni association. A letter from Farmer that arrived with the metal flag stated that the alumnus wanted SHSAA to keep the flag for display or raffle it off for the scholarship fund. The decision was made to conduct a Quaker Sam metal flag campaign. Raffle tickets were sold at the 2023 SHS Homecoming Game, and an entry for the raffle was given to everyone who donated during the 2023 Giving Tuesday effort. SHSAA congratulates Jackie Fennema of Salem who won the flag. We sincerely appreciate all donors, and we thank them for their support as \$6,830 was raised for the scholarship fund.

Members of the SHS Class of 1971 recently visited the SHSAA office to see the new jewelry counter that they donated to the association. This generous gift has enabled the alumni association to display donated pieces of jewelry in a beautiful glass-enclosed counter similar to what is seen in retail jewelry stores. Necklaces, rings, earrings, pins, and other miscellaneous Salem-themed items are among the many treasures that are displayed. SHSAA appreciates this wonderful gift and thanks the members of the SHS Class of 1971! Pictured beside the counter (left to right) are Don Brown, Maureen Weikart Swiger, Ron Hrvatin, and Dorothy Drotleff Conser. Standing on the stairs are Jan Schaeffer Cox, Ron Hannay, Lorna Lucas Hannay, and Karen Getz Brown.

# Adapted SHSAA Mission Statement Approved

During the SHSAA Annual Meeting on May 20, 2023, an adaptation to the mission statement of the alumni association was voted on and unanimously approved by the association members in attendance. The association's mission statement formerly read as follows: *The mission of the Salem High School Alumni Association of Ohio shall be to award scholarships to qualified students, to manage assets including memorabilia for future generations, and to honor the organization's past by nurturing friendships and enriching memories.*

After the Board of Trustees held a strategic planning session in the fall of 2022, it was decided to recommend that the phrase **"to foster student and alumni development"** be added to the above mission statement. By adding this component to the mission, the Salem High School Alumni Association can add enrichment and educational activities to its program of work. The Board of Trustees believes that meaningful relationships will be developed as the association builds life-changing activities for students who

## Salem High School Career Day Held On December 1, 2023

On Friday, December 1, 2023, the Salem High School Career Day was co-hosted by the Salem High School Alumni Association and the Rotary Club of Salem at the Kent State Salem Campus. The event was designed to provide a structured career educational seminar for the sophomores of Salem Senior High School (SHS Class of 2026). The day-long session was the first of its kind for the SHS Alumni Association since the organization adapted its mission statement with a focus "to foster student and alumni development."

The Rotary Club of Salem supports youth in the community through the sponsorship of the Salem High School Interact Club and the Columbiana County Career and Technical Center Rotaract Club. It also lends financial support to many local and international youth programs and activities.

More than 110 high school sophomores were welcomed by the SHSAA Career Day Chairman Dr. Peter Apicella, SHS Class of 1982; SHSAA Executive Director Audrey Cleveland Null, SHS Class of 1976; SHSAA President Mary Winch, SHS Class of 1991; Salem Rotary President William Dawes; and KSU Dean Dr. Brad Bielski from the Salem Campus of Kent State University. SHS alumni, Rotarians, and other local professionals participated throughout the day.

The morning's informative career discussions included

will be future SHS alumni. One such event was planned and held in December of 2023 when SHSAA co-sponsored the SHS Career Day with the Rotary Club of Salem. (See article below.) Other possible activities to be undertaken by SHSAA that will qualify as mission-driven initiatives will include a mentoring program, educational lectures, and sponsorship of enrichment programs and camps.

**Two SHS graduates that participated during the SHS Career Day were George Spack, SHS Class of 1969, and Jim Harrington, SHS Class of 1982.**

their careers. These individuals discussed the following questions with the students:

- What is your career and how did you get there?
- What education and special testing are required?
- What do you like the best and the least about your career?
- How do you see the future of your career?
- What would you recommend to anyone interested in your career?

Students were encouraged to ask questions and participate in discussions. Following the last session, the students completed a survey to assist in future planning. The program was a huge success, and the SHS Alumni Association and the Rotary Club of Salem look forward to continuing this project for future Salem High School students.

He will be recognized at the SHSAA Scholarship Ceremony and Open House on Saturday evening, April 27, 2024, beginning at 6:30 p.m. A full profile and highlights of his speech to the SHS Class of 2024 will be included in the Summer/Fall SHSAA newsletter.

### 1956

2007 SHSAA Honored Alumnus **John R. Buta** is an engineer and local businessman. After attending MIT under the E.W. Bliss Company scholarship, he received his degree in mechanical engineering. Buta worked for the E.W. Bliss Rolling Mill division and later became vice president of Paxson Machine Company in Salem.

He currently serves as president of Butech-Bliss, the local manufacturing company he founded in 1985. The business was started as a small manufacturing shop and focused on developing innovative machine technologies for the metals industry. Eventually Butech became a world-renowned supplier of slitting lines, scrap choppers, side trimmers, shears, and hydraulic roller levelers. Today Butech is one of Salem's largest manufacturers with close to 300 employees after adding additional facilities to the mix, including the old Salem Tools, Sekely Industries, Lehmann Mills Inc., and Solartec Inc. businesses.

Last year Buta preserved a respected Salem institution when he purchased the Salem Golf Club. With debt piling up and major improvements needed, Salem Golf Club members considered auctioning the property. Buta interceded and said, "I was born and raised in Salem, and I couldn't think of a better way to spend money than to keep this going."

Buta's community contribution of buying and preserving

the Salem Golf Club led to the Salem Area Chamber of Commerce recognizing him as the 2023 Outstanding Citizen of the Year. The chamber held its annual meeting event at the club and presented the honor during the chamber's 77th annual meeting in November. Brian Whitehill, SHS Class of 1990 and Salem Chamber First Vice President, presented the honor and said, "Perhaps John's most significant gift is the room we are all gathered in today. With the club facing a bleak and uncertain future, John stepped in to purchase and revitalize the Salem Golf Club. In doing so, he preserved a Salem landmark. Through John's confidence in himself, he built one of the most reputable businesses in the area. Through his generosity, he left his handprint of betterment to his fellow citizens of Salem."

## 2004

**Sarah Shoop Neumann** was named a 2023 Nashvillian of the Year by the Nashville Scene, an alternative newsweekly in Nashville, Tennessee. The recognition was given to individuals who have been working on gun safety in the state of Tennessee. Others that were honored included students and members of the community who have advocated for gun violence change, as well as doctors, mental health professionals, and first responders who have witnessed and treated gunshot victims.

Neumann is a parent of a child who attends the Covenant School, a private Christian institution in Nashville where a mass shooting occurred in March of 2023. Three adults and three children were killed, and the shooter was killed in an altercation with police. Impacted by the tragedy, she began a dedicated campaign in her community to seek change.

Working to prevent similar incidents, Neumann has gained recognition as a public speaker and has maintained a presence at the state Capitol alongside fellow Covenant School parents. United by a shared tragic experience and similar goal, she joined other Covenant School parents in July of 2023 and co-founded two non-profit organizations – Covenant Families for Brighter Tomorrows and the Covenant Families Action Fund. Both groups seek to educate the public about school shootings while promoting firearm safety and advocacy for positive mental health and school safety support.

For their inspirational work, Neumann and the other “Covenant mothers” were among those women chosen nationally as USA TODAY’s 2024 Women of the Year.

## 2018

**Mitch Davidson** enjoyed a celebrated career at Youngstown State University as the football team’s starting quarterback. He led the Penguins to eight wins during the 2023 season and helped guide the team to the Division I Football Championship Subdivision (FCS) Playoffs.

Davidson set single-season school records for passing yardage, completions, attempts, and percentage while finishing second in touchdown passes. He tied the school record for the most 200-yard passing games, set the school mark for 300-yard passing performances, and was selected as an Honorable-Mention Missouri Valley Football Conference all-league team member.

Last fall Davidson entered a partnership with The Friends of the Rich Center for Autism. As a student-athlete ambassador, he aimed to create awareness of the importance of treatment, education, and research for those affected by autism. He recently was recognized as a recipient of the PNC Bank Achievers Award for his efforts on the football field and in the classroom.
